PROMOTE Your Commitment
to **SUSTAINABLE** Cleaning

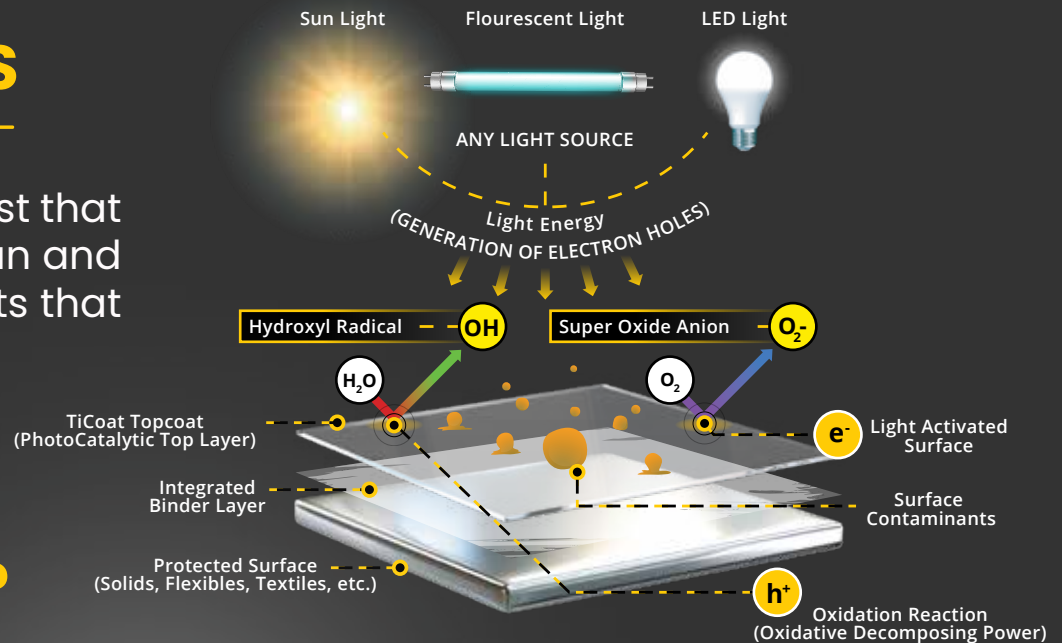

ALWAYS CLEANING. ALL THE TIME.™

HOW IT WORKS

TiCoat is a Photocatalyst that uses light to safely clean and deodorize contaminants that touch its surface.

WHY TICOAT?

FREE OF HARMFUL CHEMICALS

It safely protects surfaces, keeping them cleaner, smelling better, and protecting anything it's applied to.

CONTINUOUS CLEANING

TiCoat is a long-lasting, fast-acting, self-cleaning surface coating.

TICOAT IS SUSTAINABLE

TiCoat has reduced our labor costs, improved the performance of our green cleaners and eliminated persistent odors.

Patricia Buell
Superintendent - Brooklyn, CT.

It's not what I smell. It's what I don't smell.

Peter Collins
Seagrape Cafe - Fairfield, CT.

DRIES CLEAR ON ANY SURFACE

Can be applied to both fabric and solid surfaces.

MAKES CLEANING EASIER

TiCoat makes your Green cleaners work better.

ALWAYS CLEANING. ALL THE TIME.™
